Pursuant to VA code section § 19.2-354 through § 19.2-358

If a person appearing before the Court is unable to pay fines, costs, or penalties imposed by the Court **within 90 days** of the conviction date, the defendant may request to enter into a Modified Deferred Payment Agreement BEFORE the 90-day time period expires.

Acknowledgement of the Payment Plan is required within a signature on the DC-210 and a one time \$10.00 Time to Pay Fee is assessed.

If a defendant defaults on the payment agreement, the Court requires the following down payment extend:

Total due < \$500.00 = down payment of 10%

Total due > \$500.00 = down payment of 5% of \$50, whichever is greater

The \$10.00 Time to Pay will be assessed.

Any failure to comply with the terms and conditions of any plan could result in added interest and collections fees, as well as an additional down payment for another payment plan.

No operator's license will be suspended due to unpaid court costs and fines.

Only a Judge can approve community service to reduce the total of the fines/costs owed. Community service cannot be used as credit towards Restitution, Interest, or Collection fees.

This Payment Plan Policy applies to WASHINGTON GENERAL DISTRICT COURT ONLY.

ENTER THIS 8 DAY OF Janu-7 2024,

Travis B. Lee, Chief Judge
